BIO

Karly began to dance, performing in her sisters "shows" and got in to the dance studio, at the age of 3. She began dancing on a competitive dance team at the age of 5 at a prominent studio in Orange County, CA. Early success attracted a dance agent and she was fortunate to work several professional jobs at a young age. Working professionally motivated her to train in other areas of performing; she acts, sings and plays the piano. She graduated from high school in three years so she could spend more time on her music while attending college classes.
